

It's been a long time ago since we have seen more than 100 TVR's on the start-finish-line at the Grand Prix circuit of the Nürburgring. We think it's time to do it again. In 2024, the TVR Car Club Germany will celebrate it's 45th anniversary and we want to celebrate this with all of you.

What could be better than to hold this event at Germany's most famous motorsport arena, the Nürburgring, and then at the same time as the Oldtimer Grand Prix.

In the infield of the Grand Prix circuit, we will compile the timeline of all TVR models in a huge area. From the TVR No.2 to the Sagaris, every model will be on display.

We will also present the Modification and Racecars, as well as a special exhibition of the prototypes.

Les Edgar is also invited with the new Griffith.

We will set up ample pavilions for the registered participants and food and drink will be well provided for.

We will offer all friends and those interested in the TVR sports car brand an unforgettable weekend.

### What do we have in mind:

- Big TVR Meeting with all 12 national TVR Car Clubs
- Large Club Aerial in the Paddock with Tent and Catering
- Exhibition: Prototypes (Jomar to Speed 12)
- Exhibition: TVR Conversions & Race Cars
- Exhibition: Grantura and Griffith (in optional a visit to Klaus Witzig)
- TVR Timeline: Presentation of all models (approx. 80 types)
- TVR Engineering: Les Edgar and the New Griffith
- 45 years of TVR Car Club Germany, Manfred Mörstedt Memorial Exhibition
- Integrated TVR Small Series Meeting
  - Grantura & Griffith
  - Tuscan – LWB - MAL – Wide Body
  - Vixen 1-4 1300, 2500
  - Turbos – 3000M – Taimar – 3000S
  - 3000M Martin 1-10
  - Tuscan Racer
  - 420/450 SEAC
  - Trident
